AGREEMENT

This Agreement is entered into and effective as of this first day of October 2018 by and between Southern California Permanente Medical Group, hereinafter referred to as the “Employer,” and UFCW Locals 135, 324, 770, and 1428, chartered by the United Food and Commercial Workers International Union, hereinafter referred to as the “Union.”

The foremost obligation to the Employer and the employees is to assure Health Plan members and the public that laboratory services are handled in accordance with the highest professional standards. The Employer and the employees pledge full cooperation in such mutual undertaking. All employees, regardless of position or profession, are expected to perform in an efficient, courteous and dignified manner when interacting with fellow employees, patients, the public and customers.

100 ARTICLE I - SCOPE OF AGREEMENT

101 Definitions

102 The term “employee” or “employees” as and wherever used in this Agreement shall mean and include all Clinical Laboratory Scientists and Medical Laboratory Technicians, excluding supervisors, of the Employer at the Medical Offices and Hospitals located in the Southern California Region and within the geographical jurisdiction of the Union, but shall exclude all Clinical Laboratory Scientists and Medical Laboratory Technicians covered by other Labor Agreements.

103 The Employer recognizes the fact that bona fide supervisory employees are only those who have the authority to hire, promote, discipline, discharge, or otherwise effect changes in the status of employees or effectively recommend such action. Supervisory employees will not perform duties normally performed by employees falling within the scope of this Agreement except for training or emergencies requiring immediate action, or under circumstances that are beyond the control of the Employer. Individual laboratory supervisors assigned to the Medical Center Laboratory only may perform bargaining unit work as provided in this Paragraph and in Paragraph 104. Supervisors performing bargaining unit work as provided herein will not do so for the sole purpose of denying work opportunities to bargaining unit members, exclusive of overtime. In instances of significant abuse of the limitation described in Paragraph 104, remedies for any grievance may include appropriate compensation to the affected party. Any grievance claiming such will be automatically advanced to Step III.

104 Laboratory departments will not assign supervisors in any workweek to perform bargaining unit work in excess of the number of hours arrived at by multiplying twenty (20) times the total number of laboratory supervisors who are licensed Clinical Laboratory Scientists in said department.

200 ARTICLE II – RECOGNITION AND COVERAGE

201 Recognition

202 The Employer recognizes the Union as the exclusive bargaining agent of the employees covered by this Agreement for the purposes of collective bargaining with respect to rates of pay, hours of work, other terms and conditions of employment.

203 Bargaining Unit Work

204 All work generally performed by employees within this bargaining unit shall not be assigned to any person not in this bargaining unit or contracted for with any other Union, except as may be necessitated by technological or legislative changes or for bona fide business reasons. The Employer may continue to contract out work in the manner in which it has been historically contracted out. The Employer and the Union will carefully review the status of any employee displaced by technological or legislative change to locate suitable employment for the employee or employees. The Employer shall make available to the Union any information necessary for a constructive discussion of these matters.

300 ARTICLE III – MANAGEMENT’S RIGHTS

301 The Union recognizes that there are rights and responsibilities belonging solely to the Employer such as, but not limited to, the authority to determine the type and scope of work to be performed and the services and products, if any, to be provided, to establish schedules of operation, and to decide the methods, processes, means, and place of providing services and products, except where specifically limited in this Agreement.

400 ARTICLE IV – UNION SECURITY AND REPRESENTATION

401 Membership Requirement - Union Shop

402 All employees shall become members of the Union, not later than the thirty-first (31st) day following the date of their employment by the Employer who is signatory to this Agreement, or not later than the thirty-first (31st) day following the effective date of this Agreement, or the date of signature, whichever is later. Such employees shall remain members in good standing of the Union during the period of such employment as a condition of employment.

403 Membership Obligation

404 Upon the failure of the employee to tender initiation fees, reinstatement, dues, or any of them to the Union, the Union shall notify the Employer in writing of such failure and

the Employer shall discharge said employee no later than the seventh (7th) calendar day after such notice unless the employee pays or tenders to the Union said unpaid monies prior to the expiration of the seven (7) calendar day period.

405 Check-Off

406 The Employer shall deduct Union dues and initiation fees, by the amount uniformly required by the Union, for all employees who have voluntarily submitted appropriate written authorization to the Employer. Said authorizations shall be irrevocable only for a period of one (1) year or to the termination date of this Agreement, whichever occurs first. Dues deductions shall be made monthly and shall be remitted to the Union as soon as possible, after they are deducted by the Employer. Initiation fees shall be deducted on a biweekly basis for a time frame of twenty-six (26) pay periods. It shall be the Union's responsibility to keep accurate accounting of each employee's dues and initiation fees deductions and to adjust any discrepancies directly with said employee.

407 Indemnification

408 The Union shall indemnify the Employer and hold it harmless against any and all suits, claims, demands, and liabilities that shall arise out of or by reason of any action that shall be taken by the Employer for the purpose of complying with the dues check-off provision of this Agreement.

409 Hire and Transfer Notice

410 On the basis of each pay period, but in no event less than twice a month, the Employer will provide the Union a list of employees hired or transferred between facilities to include the employee's name, address, telephone number, Social Security number, job classification, title, rate of pay, date of hire or transfer, and location of the facility where employed.

411 New Hire Probation

412 The probationary period of employment for full-time employees shall be three (3) months following the last day of new hire orientation. Orientation periods are outlined by area under separate agreement. The probationary period for part-time employees shall be forty (40) working days or four (4) calendar months, whichever is longer, but in no event shall the probationary period exceed six (6) months from the employee's date of hire. During the probationary period all terms and conditions of the collective bargaining agreement shall apply, except the discharge and seniority clauses. The probationary period shall be extended by any time that the employee may be absent from work. Upon completion of such probationary period, when the Employer determines that the new employee cannot be properly evaluated, the probationary period may be extended only upon agreement of the parties, provided that in no event shall such extension be longer than an additional three (3) months for full-time employees and two (2) months for part-time employees. (See Appendix C for Per Diem probationary period.)

413 Physical Examinations

414 Employees who are required to submit to and satisfactorily pass a mandatory pre-employment screening before their start date as a condition of employment, and to submit to an annual screening as a condition of continued employment, shall be notified in writing by the Employer of such requirement.

415 The cost of such pre-employment screening shall be borne by the Employer. Employees shall be compensated at the appropriate rate of pay for time spent completing the annual screening.

416 Access of Business Representatives

417 In order to observe conditions existing under this Agreement and to settle grievances, representatives of the Union shall have the right to visit the Employer's facilities. The Union further agrees that it will arrange with the person in charge for such investigation of reported grievances and/or corrective action meetings and that any meetings between employees and Union representatives shall be conducted with the least possible interference with the Employer's operations. Such meetings shall be held on the premises in a place designated by the person in charge.

418 The Employer agrees to permit the Union representative, upon request, to review the current roster of employees.

419 Bulletin Boards

420 The Employer will provide a bulletin board or posting location to be located in the Laboratory Department for posting of Union literature.

421 Union Principles

422 The Employer shall not discharge or discriminate against any employee for upholding Union principles, as long as such act does not constitute a violation of this Agreement, and nothing herein shall be so construed as to abrogate an employee's rights under the law.

423 At the end of a New Employee Orientation which includes members of this bargaining unit, a Union Representative may be afforded up to twenty (20) minutes to present information about the Union.

500 ARTICLE V – DISCIPLINE OR DISCHARGE

501 The language below is supplemented by the provisions of the National Agreement between the parties, as long as the current National Agreement is in effect.

502 The Employer shall discipline or discharge an employee for just cause only.

- 503 It is the intent of the Employer to utilize progressive discipline in normal circumstances. The discipline imposed will be appropriate to the offense. Where deemed appropriate, the Employer may elect to use informal corrective action such as verbal counseling or documented counseling prior to the issuing of formal discipline. Formal discipline imposed may include written warnings, final warnings, and discharge.
- 504 Employees who are demoted or discharged for incompetence or minor misconduct in connection with work performance (including excessive absenteeism or excessive tardiness) shall first have had two (2) prior warnings in writing which are active pursuant to Paragraph 506 preceding the discharge for related or similar offenses with a copy sent to the Union. The employee must initial the warning notice to attest only to having received a copy of said warning notice. Warning notices shall be issued only by management personnel.
- 505 Employees shall have the right to have a Union representative to be present at any meeting with the Employer when such meetings are accusatory, or disciplinary in nature.
- 506 Employees will receive copies of all Discipline / Corrective Action placed in their personnel file. Discipline / Corrective Action for which there has been no recurrence for one (1) year shall not be used as a basis for progressive discipline in any future discipline matters. Said one (1) year period shall commence on the date the Discipline / Corrective Action was issued, and will automatically be extended by any absences of sixty (60) consecutive calendar days or more for a period of time equal to the duration of said absence.
- 507 To satisfy governmental record keeping requirements, copies of all Discipline / Corrective Action shall be permanently maintained in a separate file to which supervisors shall not have access.
- 508 Upon receipt of Discipline / Corrective Action, other than discharge, by an employee, said employee shall have fifteen (15) calendar days from receipt to file a grievance concerning the Employer's action at the Second Step. All grievances concerning discharge shall be filed within ten (10) calendar days from the date the employee is advised in writing by the Employer of said discharge. Any grievance not timely filed is deemed waived by the aggrieved party.
- 509 The Employer may place employees off work on an administrative leave without pay for a reasonable period of time, not to exceed ten (10) workdays in normal circumstances, to investigate charges of gross misconduct such as, but not limited to, fighting, reporting to work under the influence of drugs or alcohol, or gross negligence. In the event there is found to be insufficient cause, then the employee will be made whole as to all lost wages, benefits and seniority.

600 ARTICLE VI - SENIORITY

601 Definition of Seniority

602 Bargaining unit seniority for full- and part-time employees shall be defined as the continuous period of employment measured from the date the employee last entered the Clinical Laboratory Scientist or Medical Laboratory Technicians classification at a facility covered by this Agreement.

603 Department seniority for full- and part-time employees shall be defined as the continuous period of employment measured from the date the employee last entered the Clinical Laboratory Scientist or Medical Laboratory Technicians classification in a specified department at a facility covered by this Agreement.

604 The department subdivisions under which seniority shall apply are listed in Appendix E. For good and sufficient reason, the Employer may modify the department designations. Written notice shall be provided to the Union at least sixty (60) calendar days prior to the implementation of such modification. Upon notification, the Union may request to meet and confer in an attempt to reach agreement on the proposed changes. Failing agreement, the Employer may implement the modifications. The Union shall have the right to challenge the modification through the grievance procedure.

605 If in any provision throughout this Agreement the measure of service to be used is not expressly stated, the measure shall be bargaining unit service.

606 Part-time seniority shall be based on hire date except that part-time employees hired prior to February 1, 2019 shall use their adjusted seniority date and accumulate future seniority after February 1, 2019 based on that adjusted date. On and after February 1, 2019, straight-time hours compensated will no longer be used to adjust seniority dates for part-time employees.

607 A full-time employee is one who works forty (40) hours or more per week.

608 A part-time employee is one who works less than forty (40) hours per week, but may be assigned to full-time work to fill a temporary vacancy caused by vacation, illness, injury or leave of absence.

609 A Per Diem employee is one who works on an intermittent basis and is not normally scheduled for any particular hours per day or per week. A Per Diem employee will not be assigned work until all part-time employees assigned to the department have been offered, or permitted to decline, all hours available to them at straight time pay.

610 Per Diem employees shall accumulate seniority based on their straight-time hours compensated, not to exceed eighty (80) hours in a pay period. One (1) month of seniority shall be granted for each one hundred and seventy-three and one third (173.33) hours worked.

611 Per Diem employees, and the rights and benefits of employees assigned as Per Diems, are further described in Appendix C.

612 Service Credit

613 "Service credit" shall mean that period of continuous employment with the Employer, less any absence from employment, excepting regularly scheduled days off, which exceeds thirty (30) calendar days for personal leave or sixty (60) calendar days for medical leave. Where unpaid absences exceed the thirty (30) or sixty (60) calendar days respectively, service credit will be adjusted by the total number of days of absence. However, upon return from any unpaid authorized leave, the employee's service credit accrued prior to such leave shall be retained. In the event of an industrial leave of absence, the employee's seniority shall continue during the entire period of such leave.

614 Vacation Schedule Preference

615 Employees shall be given their preference for vacation in accordance with their position in department seniority.

616 Job Posting

617 Notices of all job openings within the bargaining unit, including higher-rated classifications, night call assignments and extended weekends, shall be posted by the Employer at the facility where the opening exists, and at all other facilities of the Medical Center area where the opening exists which are within the area covered by this Agreement. The job posting notice may include special qualifications for the classification and for full-time and part-time positions shall also include the predominant shift(s) as set forth in paragraph 716, and will be posted a minimum of seven (7) calendar days prior to filling the vacancy on a permanent basis.

618 Newly hired employees may not transfer within six (6) months of date of hire.

619 Requests for transfer received within the seven (7) day posting period shall be granted on the basis of seniority provided employees possess the necessary aptitude and experience consistent with efficient laboratory practices. Transfer requests received after the seven (7) day posting will be given preferential consideration over outside applicants only if such transfer requests were submitted prior to the receipt of the external applications.

620 Seniority shall be applied in the following selection order:

- Department (applying department seniority)
- Bargaining Unit (applying bargaining unit seniority)

621 If all employees exercise seniority for nonassignment, the Employer shall assign employees by inverse seniority, beginning with the least senior employee within the department, to work a particular assignment in order to maintain efficiency of operations.

- 622 In the event the Employer exercises its right pursuant to Paragraph 621 to assign the least senior employee to a particular assignment, such assignment will be temporary and the employee will be returned to his former position as soon as the job opening has been filled and the employee is able to assume the responsibilities of the assignment. Nothing herein restricts the Employer's sole and exclusive right to staff for the orderly operation of its facilities.
- 623 An employee who is voluntarily reassigned pursuant to Paragraph 618 may elect in writing to return to his former position within seven (7) calendar days of such reassignment. An employee who is promoted to a lead position may elect to return to his/her former position within fourteen (14) calendar days. Upon receipt of such written notification, the Employer will return such employee to his former position if such position exists, on the next full weekly schedule following a seven (7) day period after the request pursuant to efficient operations of the department. Employees who qualify for and are accepted for reassignment pursuant to this Article shall receive a new job trial period for sixty (60) calendar days. Should the employee fail to meet the job requirements at any time during the trial period, said employee will be returned to his/her former job assignment. If an employee elects to return or is returned to his former position, all employees will revert back to their former positions and the job opening will be filled pursuant to Paragraph 618 using the original job posting.
- 624 Job Bidding Prerequisites
- 625 Employees scheduled for more than one (1) week of vacation, may submit a prerequisite for a permanent job opening which may occur within their department during their absence. Such prerequisite must be submitted one (1) week prior to the start of the vacation period.
- 626 Reduction in Force
- 627 This language is supplemented by the National Employment Income Security Agreement between the parties, as long as the current National Employment Income Security Agreement is in effect.
- 628 The Employer and the Union will carefully review the status of any employee displaced by technological or legislative change to locate suitable employment for the employee or employees. The Employer shall make available to the Union any information necessary for a constructive discussion of these matters.
- 629 A reduction in force is accomplished by classification. Should a reduction occur in the Lead Clinical Laboratory Scientist classification, the least senior employee in the facility / department in the Lead Clinical Laboratory Scientist classification shall be the first displaced. Such employee may then displace the least senior Clinical Laboratory Scientist within the same status (full-time over part-time twenty four (24) or more hours, over part-time less than twenty four (24) hours, over Per Diem) and shift within the Medical Center area. Such displaced employee may exercise his/her rights as stipulated in the following paragraphs of this section.
- 630 In a reduction in force, the Employer shall identify, by department / facility and status, the position(s) to be displaced. The least senior employee in the identified status and department / facility shall displace the least senior employee within the same status

and shift within the Medical Center area or department. Such displaced employee may then displace the least senior employee in the same status within the Medical Center area or department. Such least senior employee, if more senior than employees in lower status levels, shall then displace the least senior employee in the lower status level (full-time over part-time 24 or more hours, over part-time less than 24 hours, over Per Diem).

- 631 An employee who is to be laid off from the Medical Center area or Regional Reference Laboratory as a result of the proceeding reduction in force language may, at the time of layoff, file requests with the Employer to fill any open job classification in a different Medical Center area or Regional Reference Laboratory. Such requests shall be valid for the same period of time as outlined in Paragraph 639. The employee must specify the location desired. The Employer will only be required to make one (1) offer of placement, and if refused, the employee's request is canceled. Employees placed under this provision will retain all previously earned service credits, and shall be removed from the recall list.
- 632 Clinical Laboratory Scientists may not displace Lead Clinical Laboratory Scientists in a reduction in force.
- 633 In all instances of bumping, open vacant positions in the same affected classification in the Medical Center area or Regional Reference Laboratory will be considered as being the least senior position for bumping purposes.
- 634 For purposes of reduction in force, all references to seniority shall mean bargaining unit seniority.
- 635 A reduction in force includes a reduction in hours from full-time to part-time status.
- 636 The Employer will give as much advance notice as possible to affected employees and the Union of a pending reduction in force, but in no event shall said notice be less than thirty (30) calendar days.
- 637 Recall Rights
- 638 Laid off employees will be recalled to open positions only after active employees have been permitted the opportunity to exercise job bidding rights within their own department. A laid off employee shall have recall rights to the resultant open positions in the Medical Center area and Regional Reference Laboratory where the layoff occurred for twelve (12) calendar months beginning with the date of layoff. Employees shall be recalled by bargaining unit seniority.
- 639 In all cases of job displacement during a reduction in force and job placement during a recall, employees must be qualified to perform the full scope of the work. Employees shall be afforded adequate training and / or orientation.
- 640 Employee Transfer
- 641 Employees who transfer between locations covered by this Bargaining Unit Agreement shall retain all previously earned bargaining unit seniority.

642 Condition of Transfer

643 Transfer of an employee from a bargaining unit facility to any other Employer facility in other medical areas will be effected only with the consent of the employee. Employees who transfer from other medical areas to a bargaining unit facility, at the Employer's request, shall be treated as new hires in establishing seniority for purposes of a layoff, vacation preference and for job openings as defined in this Article.

644 An employee's service credit as defined in Paragraph 613 above shall be recognized for all other purposes should an employee transfer into the bargaining unit.

645 Seniority for Job Bidding - Part-time Employees

646 Part-time employees may use their seniority to bid on full-time job openings within their same classification at other facilities within an Area Operation. Part-time employees must bid for full-time openings in writing on a form provided by the Employer. Bids shall be submitted to supervision. The full-time job opening shall be awarded to the senior qualified bidder.

647 A part-time employee shall have the right to claim additional part-time hours as they become available in the employee's assigned facility up to eight (8) hours per day and forty (40) hours per week based on the employee's department seniority and ability to perform the work. The parties agree, however, that the Employer must maintain an ample force of qualified part-time employees only to meet the minimum scheduling requirements of the laboratory.

648 Loss of Seniority

649 Seniority shall be lost by:

650 1) Voluntary quit.

651 2) Discharge for cause.

652 3) Failure to accept and report for work within ten (10) calendar days after date of mailing of notice of recall which shall be sent by registered or certified letter to the last address shown for the employee on the records of the Employer.

653 4) Failure to report for work in accordance with the terms of any leave of absence, unless the terms are otherwise agreed upon by the Employer and the employee.

654 5) Retirement.

655 6) Transfer out of the bargaining unit; except that any employee heretofore or hereafter promoted to a supervisory position shall retain any accumulated bargaining unit seniority, but shall not continue to accumulate bargaining unit seniority while working as a supervisor. In the event of such employee's return to the bargaining unit, the employee may utilize any previously accumulated bargaining unit seniority for purposes of bidding on posted job openings; however, in no case will such employee be permitted to displace a bargaining

unit employee in the absence of a bid. Return of any supervisory employee to the bargaining unit shall be at the sole discretion of the Employer.

656 Seniority List

657 A seniority list containing both the department and bargaining unit seniority dates of all employees by department within the bargaining unit shall be established and maintained. The pertinent department seniority list shall be made available to the employees within the department and the representatives of the Union at all times. Further, an updated list shall be furnished to the Union on March 1 and September 1 of each year.

658 Seniority lists for each department will be separate for all purposes of application.

659 In the event two (2) or more employees have the same department seniority date, their bargaining unit seniority dates will be used to determine their relative seniority.

660 In the event two (2) or more employees have the same bargaining unit seniority date, employee numbers shall be used. In such event, the employee with the lowest employee number shall be considered the most senior. For employees hired before August 15, 2005 (or the date that My HR – PeopleSoft became effective), employee numbers as assigned in the Genesys system shall be used. For employees hired on or after August 15, 2005 (or the effective date of My HR-PeopleSoft), employee numbers as assigned in the PeopleSoft system shall be used.

700 ARTICLE VII - HOURS OF WORK

701 Workweek and Workday

702 Normal Workweek.

703 The normal workweek shall be forty (40) hours, consisting of five (5) eight (8) hour days and two (2) days of rest within a period of seven (7) consecutive days. A normal day's work shall consist of eight (8) hours to be worked within eight and one-half (8 1/2) consecutive hours in a twenty-four (24) hour period. Full-time employees shall be scheduled for two (2) consecutive days off within a fourteen (14) consecutive day period, except where work schedules which do not provide such consecutive days off have been established prior to the effective date of this Agreement. Once established, individual employee schedules will not be changed except for good and sufficient cause. Nothing in the foregoing shall preclude the Employer from changing employee schedules on a temporary basis to meet the fluctuating operations of the laboratory or to meet short term staffing needs.

704 Holiday Workweek.

705 A holiday workweek shall be thirty-two (32) hours consisting of four (4) eight (8) hour days other than the holiday except where two (2) holidays occur in the same workweek

the workweek shall be twenty-four (24) hours consisting of three (3) eight (8) hour days other than the holidays.

706 Minimum Work Schedule

707 Full-time.

708 All full-time employees shall be scheduled to work not less than a normal workday of eight (8) hours and a normal workweek of five (5) days of work. In cases where a part-time position is worked at forty (40) straight time hours in a week for a period of eight (8) consecutive pay periods, the union and the company shall meet to discuss and resolve the issue, which may include the posting of said position as full-time.

709 Part-time.

710 A benefited part-time employee shall normally be scheduled to work not less than four (4) hours in a workday and forty (40) hours in a pay period. A part-time employee may be scheduled from time to time to work less than a normal workday to fulfill the exceptional staffing requirements of the laboratory. The Employer shall not create any part-time jobs at the expense of what could otherwise be a full-time job or jobs.

711 Meal Period

712 All hours shall be worked consecutively, except for a scheduled meal period which shall be one-half (1/2) hour. The meal period may be extended up to one (1) hour if mutually agreed to by the bargaining parties. No eight (8) hour employee shall be scheduled for more than five (5) hours or less than three (3) hours before a meal break.

713 Work Schedules

714 The Employer agrees to post a legible schedule in ink or other permanent type of the working hours for all employees. Such schedule shall show the full name of each employee, the classification, starting time, quitting time and days off. It is further agreed that the schedules shall remain posted for four (4) weeks in advance, and will be maintained on a weekly basis. Any changes in the schedule will be made by 12:00 O'clock Noon on Thursday of the week preceding the schedule change except for emergencies. In such circumstances, it is the responsibility of the Employer to notify the employee of such change in schedule. If the work schedule within any day is changed after Friday without reasonable cause, the matter may be subject to the grievance procedure. Such schedule shall be posted on the bulletin board or at a place where all employees and representatives of the Union may observe same at all times during the workweek. An employee shall be guaranteed pay for the specific days in a workweek for which scheduled to work, provided the employee is available for such work. When regular work is unavailable, the employee shall perform any work to which he/she may be assigned. In the event operations cannot commence or continue when so recommended by civil authorities; or public utilities fail to supply electricity, water, or gas; or the interruption of work is caused by an act of God, the foregoing guarantees shall not be applicable. No employee will be normally required to involuntarily work more than seven (7) consecutive days in any combination of workweeks. At the time of schedule posting it is the responsibility of the employee to

bring to the Employer's attention any time he / she is scheduled more than said seven (7) consecutive days. The Employer will make every attempt to change the schedule to rectify the situation.

715 Work Shifts

716 There shall be three (3) shifts of work with the ranges of normal starting time as follows:

Day Shift:	5:00 a.m.	-	10:00 a.m.
Evening Shift:	2:00 p.m.	-	6:00 p.m.
Night Shift:	10:00 p.m.	-	2:00 a.m.

717 Employees whose normal starting time is between 5:00 a.m. and 10:00 a.m. shall be day shift employees. Similarly, employees whose normal starting time is between 2:00 p.m. and 6:00 p.m. shall be evening shift employees and employees whose normal starting time is between 10:00 p.m. and 2:00 a.m. shall be night shift employees.

718 If an employee's normal starting time within a shift is permanently changed by more than one-half (1/2) hour or the employee's regularly scheduled days off are permanently changed, the employee may elect to accept the new schedule or displace a less senior employee within the same shift in their department provided the displaced employee possesses the necessary aptitude and experience consistent with efficient laboratory practices. If qualified, the less senior employee so displaced may elect to fill the available starting time or schedule or displace the least senior employee within the shift in their department who would then be assigned to the available starting time or schedule.

719 If an employee's shift is permanently changed, the employee may elect to accept the new shift or displace a less senior employee within the same shift in their department provided the displaced employee possesses the necessary aptitude and experience consistent with efficient laboratory practice. If qualified, the less senior employee so displaced may elect to fill the available shift or displace the least senior employee within the same shift in their department who would then be assigned to the available shift.

720 It is understood that the right to establish schedules is the exclusive right of the Employer.

721 Rest Periods

722 Each employee shall receive a fifteen (15) minute uninterrupted rest period in each half of the workday. An employee who works ten (10) or more hours in a workday shall receive an extra fifteen (15) minute uninterrupted rest period. Insofar as practicable, rest periods shall be permitted and taken sometime near the middle of each half of the workday.

723 If continuous operation is required in the job concerned, either a substitute will be provided or the rest period delayed until the operation is completed.

724 The Employer shall make every effort to give breaks to employees, other than causing an employee to interrupt a continuous operation.

725 A rest period may be combined with the lunch period when it is impossible to give relief, for example, on weekends.

726 Legal Proceedings

727 Any employee served with a legal notice, citation, or subpoena which involves any facet of the Employer's operation, or which may require the employee to appear in legal proceedings during scheduled work time shall immediately inform the Employer of such service.

728 Employees shall be paid as time worked under the terms of this Agreement for time spent at appearances or standby in legal proceedings arising out of the course of and scope of employment.

729 Call Back

730 When an employee is called back to work after completing a normal workday, the employee shall receive not less than four (4) hours pay at time and one-half (1 1/2) or at the appropriate premium rate. Such pay shall commence at the time the employee arrives at the facility and shall end when the employee leaves the facility. If the immediate work, necessitating the call back, is accomplished in less than four (4) hours, at the Employer's discretion the employee may be assigned to other work of the same general type for which the employee is qualified.

731 Notice of Intended Absence

732 Employees who are required to be absent from work for any reason will provide their immediate supervisor or designated representative with notification as soon as the employee has knowledge of the intended absence, preferably no later than two (2) hours, when possible.

800 ARTICLE VIII - OVERTIME

801 Definition of Overtime Rates

802 "Overtime rates," as used in this Article, shall mean the rates for the overtime hours worked as provided in this Article.

803 Definition of Week and Day

804 "Week," as used in this Article, shall mean and consist of the seven (7) day period beginning at 12:00 a.m., Monday or at the shift changing hour nearest that time. "Day," as used in this Article, shall mean and consist of the twenty-four (24) hour period beginning at the time the employee commences work. Employees assigned to

schedules which include rotating weekends shall commence the workweek at 12:00 a.m. Sunday, or the shift changing hour nearest that time.

805 Overtime Rates

806 The overtime rate of pay of one and one-half (1 1/2) times the employee's regular rate of pay shall be paid for:

807 All hours worked in excess of eight (8) hours in a workday. (Workday is defined as the twenty-four (24) hour period beginning when the employee commences work.) In the event an employee's prescheduled work schedule causes him/her to commence work earlier than the preceding day, the overtime rate set forth herein shall be applicable only if more than three (3) hours are involved. The three (3) hour exception shall not apply to employees called in early for a prescheduled shift. This overtime rate will not be applicable if such earlier start time is the result of an employee's request, regardless of how much earlier said employee's shift may commence. Part-time employees may waive overtime premiums for working over eight (8) hours in the above stated twenty-four (24) hour period. This may be accomplished by said employee requesting, in writing, to be included on a voluntary overtime waiver list. Inclusion on this list does not waive overtime premiums for working over forty (40) hours in a workweek. Employees may request, in writing, to be removed from the list at anytime.

808 All hours worked in excess of forty (40) hours in a week.

809 The overtime rate of pay of two (2) times the employee's regular rate of pay shall be paid for:

810 All hours worked in excess of twelve (12) hours in a workday.

811 Two (2) times the regular rate of pay should be paid for hours worked on the seventh (7th) consecutive day of work in a workweek except when such schedule results from the request of the employee. The Employer may change the work schedule of any employee to avoid the payment of the seventh (7th) consecutive day, provided the full-time employee receives a normal schedule of forty (40) hours pay.

812 Employees shall be eligible to receive seventh (7th) consecutive day premium provided that no more than one (1) of the preceding six (6) days have been compensated at an overtime rate. A lapsed period of thirty (30) hours off from the time the employee last worked until the employee commences work again shall constitute a day off for purposes of interrupting consecutive days.

813 Only designated holiday hours worked shall count as time worked for the purpose of computing weekly overtime.

814 Overtime Scheduling

815 Scheduled and unscheduled overtime shall be offered on an equitable rotation basis within each overtime subdivision, except in those situations of an extreme and immediate nature beginning initially with the most senior employee. Employees shall have no right to claim overtime on any day said employee is paid as jury duty or

educational leave. An overtime subdivision shall be the facility where the department is subdivided into facilities, or the department where the facility is subdivided into departments.

816 A list by overtime subdivisions shall be maintained by the Employer noting those employees who desire to work overtime. On January 1, April 1, July 1 and October 1 of each year employees may add or delete their names from this list. An employee who does not accept a minimum of thirty-three and one-third (33 1/3) percent of offered overtime work during a designated quarter shall not be permitted to have his/her name on the following quarter's overtime list.

817 Unclaimed overtime whether scheduled or unscheduled will be assigned to the least senior employees within an overtime subdivision and such employees shall be required to work the overtime. This language is supplemented by the National Agreement, Section 1.H.3. as long as the current National Agreement is in effect.

818 Nothing in the foregoing shall require the Employer to offer overtime to an employee when such assignment, if accepted, would result in repeating overtime payments; for example, a series of consecutive days worked. Nothing in the foregoing shall require the Employer to offer overtime to an employee at two and one-half (2 1/2) times or two (2) times when other employees are available to work the overtime at one and one-half (1 1/2) times. Nothing in the foregoing shall preclude the Employer from having the necessary work performed on a nonovertime basis. In all instances of overtime assignment, the employee must possess the necessary qualifications and experience consistent with efficient laboratory practice to be eligible for assignment.

819 Nonduplication

820 Payment of overtime rates shall not be duplicated, and to the extent that hours are paid at an overtime rate, such hours shall not be counted further for purposes of calculating overtime for any other hours or day. Time paid for, but not worked, shall not count as time worked for purposes of calculating overtime or premium payments.

821 Nonpyramiding

822 Payment of overtime rates shall not be pyramided, and to the extent that hours are compensated for at overtime rates under one provision, such hours shall not be compensated again at overtime rates under any other provision. Where two (2) or more overtime provisions are applicable to the same hours worked, the higher shall be paid.

900 ARTICLE IX - COMMUNITY DISASTER

901 Because of the nature of our medical care organization, it is recognized that a major community disaster could require the services of our organization and facilities far beyond those normally provided. In the event of such a disaster, and in recognition of our obligation to the community, Article VII - Hours of Work and Article VIII - Overtime, will be inapplicable during the period of such unusual demands caused by this

disaster, provided that the facilities of the organization are made available to non-members as well as members of the Kaiser Foundation Health Plan. It is further provided that Articles VII and VIII will also be inapplicable during bona fide disaster program drills, excluding educational programs.

1000 ARTICLE X - COMPENSATION

1001 Wages

1002 Appendix A, attached hereto and by reference made a part of this Agreement, sets forth classifications and appropriate wage schedules.

1003 New Employees Placement on Structure

1004 New employees with less than two (2) years as a California licensed Clinical Laboratory Scientist shall be paid at the starting step of the wage schedule.

1005 New employees with two (2) or more years of experience as a California licensed Clinical Laboratory Scientist shall be paid at the rate on the wage schedule one (1) step lower than their experience as a Clinical Laboratory Scientist suggests, not to exceed the four (4) Year Rate on the wage structure.

1006 Shift Differentials

1007 A shift differential of ten percent (10%) per hour shall be paid to all employees working on the evening shift commencing between the hours of 2:00 p.m. and 6:00 p.m.

1008 A shift differential of fifteen percent (15%) per hour shall be paid to all employees working on the night shift commencing between the hours of 10:00 p.m. and 2:00 a.m.

1009 All employees whose regular starting time is other than described in Paragraph 716 will receive the appropriate shift differential for all hours worked between 6:00 p.m. and 6:00 a.m.

1010 Shift differential shall not be included as part of the base pay for purposes of calculating overtime. Shift differential will be paid for time worked only.

1011 Travel Allowance

1012 Employees required to travel as required by the Employer during a daily work schedule shall be compensated at their regular rate of pay.

1013 An allowance equal to the prevailing organizational mileage allowance shall be paid to an employee required to travel from his/her regular work location to another location during his normal working hours. He/she shall be paid such allowance per mile for the difference in distance from his home to his regular location and from his home to such temporary location, if an employee is required to report on a temporary basis to a work location other than his/her regular work location.

- 1014 Injury on the Job
- 1015 When an employee is injured on the job, there shall be no deduction from the employee's pay for the day in which the employee was injured and reported for medical care.
- 1016 No Reduction of Wages or Benefits
- 1017 It is agreed that no employee shall as a result hereof, suffer any reduction in wages or other benefits.

Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

1104 Designated Holiday Work Schedule and Notification

- 1105 Employees may request assignment or non-assignment to work a designated holiday within the subdivisions described in Paragraph 815 on the basis of department seniority. Should an insufficient number of employees on a shift request assignment, volunteers shall be solicited without regard to shift or day off. Should inadequate staffing remain on a shift, the Employer shall assign employees by inverse department seniority on said shift, beginning with the least senior employee, to work the designated holiday. An employee who is normally scheduled to work on a day which a designated holiday falls, may not be displaced by a more senior employee who is not normally scheduled to work that day. An employee who requests to work the designated holiday on his/her day off will not be entitled to the designated holiday hours worked counting towards daily or weekly overtime or consecutive day premium.
- 1106 An employee who is selected to work a designated holiday by inverse department seniority may request and receive a mutually agreeable day off, without pay, within thirty (30) days of the designated holiday, subject to appropriate staffing requirements. All employees shall receive at least one (1) of the following three (3) holidays off

unless the employee requests to work all of them: New Year's Day, Thanksgiving Day, Christmas Day.

- 1107 The Employer shall solicit employees for designated holiday work schedules thirty (30) days in advance to permit application of seniority to determine the designated holiday work schedule and schedule posting a minimum of fourteen (14) days prior to the designated holiday.
- 1108 Employee's Day Off
- 1109 If an employee's day off falls on a designated holiday, he shall receive an additional day off within the thirty (30) days preceding or thirty (30) days following the designated holiday with full pay.
- 1110 Designated Holiday Guarantee
- 1111 An employee who works on a designated holiday, but fails to complete at least their normal shift, shall receive designated holiday pay at straight time pay for the balance of the non-worked hours to a maximum of their normal shift hours.
- 1112 Eligibility for Designated Holiday Pay
- 1113 An employee shall be eligible to receive designated holiday pay having met the following qualifications.
- 1114 Must have performed work during the payroll week in which the designated holiday falls, unless the designated holiday falls on the part-time employee's only scheduled workday in the week.
- 1115 Must have worked both the last scheduled shift prior to the designated holiday, and the next scheduled shift following the designated holiday, unless an absence from one or both of such shifts is due to sickness, or because of death in the employee's immediate family (Paragraph 1117), or because of a similar good cause.
- 1116 No designated holiday pay shall be paid to an employee for any designated holiday which occurs during a period of layoff or unpaid leave of absence, except as specified in Paragraph 1115, or which occurs following the effective date of termination of employment.
- 1117 No designated holiday pay shall be paid to an employee who is scheduled to work on a designated holiday and fails to do so, unless such absence is because of sickness or because of death in the immediate family (mother, father, including in-laws, children, brother, sister, spouse or eligible domestic partner, grandparents, grandchildren, stepparents, stepchildren, legal guardian and legal ward), or because of similar good cause.
- 1118 Designated Holiday Pay
- 1119 Full-time. Designated holiday pay for hours not-worked shall be computed by multiplying by a maximum of eight (8) times the employee's regular straight-time hourly rate as of the last day of work prior to the designated holiday.

1120 Part-time. Part-time employees shall be entitled to designated holiday pay in accordance with this Article. Part-time employees shall receive ten percent (10%) of the straight-time hours worked by the employee during the preceding pay period. Designated holiday pay shall not exceed eight (8) hours' pay. Schedules shall not be changed for the purpose of avoiding or minimizing designated holiday pay.

1121 Designated Holiday Premiums

1122 No deduction shall be made from the pay of employees for the observance of the designated holidays listed above, and compensation for work performed on said designated holidays shall be two and one-half (2 1/2) times the appropriate regular rate of pay, plus any applicable premium or shift differential, unless an arrangement is made to pay the employee time and one-half (1 ½) with a compensatory day off to be taken within thirty (30) calendar days following the designated holiday with pay at straight time. Such an arrangement shall be worked out on an individual basis, between the employee and the immediate supervisor subject to the efficient operation of the laboratory. Such request shall not be unreasonably denied.

1123 Section 2 - Vacation Eligibility Date

1124 Vacation Eligibility Date

1125 The vacation eligibility date determines the employee's accrual rate and is their date of hire, unless it is adjusted for unpaid leaves of absence or for the period of time that the employee worked in an ineligible status in another employee group.

1126 An employee shall not forfeit any accrued rights earned prior to the commencement of the leave during an authorized leave of absence without pay.

1127 The vacation eligibility date shall mean that period of continuous employment with the Employer, less any unpaid leave of absence from employment which exceeds sixty (60) days. Leaves of absence of sixty-one (61) days or more will be deducted in their entirety from the eligibility date. The vacation eligibility date will not be adjusted for Occupational Leave of Absence.

1128 Section 3 – Vacation Schedule

1129 Each full-time employee shall accrue vacation hours on a monthly basis in accordance with the following schedule:

Length of Service	Hours per Month	Days per Year

- 1130 Part-time employees will accrue prorated vacation hours in accordance with the above schedule(s) on the basis of an average of straight time hours paid during the preceding two (2) pay periods.
- 1131 Vacation Pay
- 1132 Employees shall not receive their shift differential with vacation pay. Vacation pay shall be at the base hourly wage rate the employee is receiving on the date time off is taken.
- 1133 Vacation shall not be considered as time worked for the purposes of calculating overtime.
- 1134 Vacation Accumulation
- 1135 Employees may accumulate up to a maximum of two (2) times their annual vacation account.
- 1136 Vacation at Termination or Retirement
- 1137 An employee who terminates employment or retires will receive payment for all accrued and unused vacation at the base hourly wage rate the employee is receiving on that date.

Part-time employees taking one (1) week of vacation have the following two (2) options for weekly payment: pay based on the average hours worked in the two (2) preceding pay periods or forty (40) hours.
- 1141 Requests for vacation in increments of less than five (5) days must be made a minimum of fourteen (14) calendar days before a desired date. The employee may request and may receive an available existing date, subject to staffing needs and efficiency of operations. The supervisor shall give the employee notification of approval or denial within seven (7) days of the request.

- 1147 Vacation shall be scheduled within each respective department. Variations to department designations may exist for vacation scheduling purposes only. Modifications to such existing vacation modules or creation of new modules must have the prior agreement of the bargaining parties. Vacation Preferences will be awarded based on department seniority. Employees who transfer between departments must reschedule their vacation year utilizing available open weeks where a conflict of preapproved vacation exists with current employees within that department.
- 1148 The vacation schedule may be changed by the Employer only for extreme and compelling reasons to ensure the orderly operation of the facility. An employee may be permitted to cancel his/her scheduled vacation for good and sufficient cause. Such cancellation must occur before the posting of department schedules except in emergencies. The canceled vacation period will be reposted for five (5) days if possible. Employees with available vacation hours may bid on such open unscheduled hours:
- First by seniority of those who have previously submitted and have been denied vacation before the Feb. 1st deadline and have banked vacation days available.
 - If no employee who previously selected that vacation period by the Feb. 1st deadline bids on it, then selection will be by lottery.
- 1149 If accrued vacation has been exhausted, previously approved Vacation increments may be canceled.
- 1150 The total maximum annual vacation entitlement may be taken in one (1) consecutive period or may be split with the approval of the Employer and the employee into increments of no less than one (1) week. For those employees choosing to split their vacation period into two (2) or more increments, seniority will apply on the first choice of vacation increment in each anniversary year. Upon all employees making said first choice, there shall be a second choice by seniority. In justifiable circumstances, the employee may request to split his/her vacation into increments of less than one (1) week.
- 1151 The employees of a department/unit may by unanimous agreement implement an alternative vacation selection process. The alternative selection process must have the prior approval of the parties.

- 1155 Vacation Relief
- 1156 The Employer, subject to availability of qualified replacements, will provide adequate vacation relief and will, to every extent possible, accomplish required work without undue hardship on any one (1) employee or group of employees.
- 1157 The Employer shall make every reasonable effort to ensure that the maximum number possible of employees are allowed to go on vacation during the summer period of June through September of each year.
- 1158 Section 4 - Sick Leave and Income/Extended Income Protection Plan
- 1159 This language is supplemented by the National Agreement, as long as the current National Agreement is in effect. See Section 1.C.3 (c) Time Off Benefit Enhancement.
- 1160 Sick Leave hours will be earned on the basis of ten (10) hours per month for each calendar month of employment. Part-time employees will accrue hours at a rate of ten (10) hours per month prorated based on an average of straight time hours paid in the preceding two (2) pay periods.

- 1164 Employees shall not receive their shift differential with Sick Leave pay. Sick Leave pay shall be at the base hourly wage rate the employee is receiving on the date Sick Leave is taken.
- 1165 Income Protection and Extended Income Protection
- 1166 Employees who are scheduled to work twenty (20) hours or more per week shall be provided with an Income Protection Plan or Extended Income Protection Plan. Whether the employee is eligible for Income Protection or Extended Income Protection is based on their length of service.
- 1167 Employees with less than two (2) calendar years of service, Income Protection benefits shall be payable after the exhaustion of the Sick Leave for the duration of one (1) year from the date the employee first (1st) became disabled or when no longer disabled, whichever is less.

- 1168 Employees with two (2) or more calendar years of service, Extended Income Protection benefits shall be payable after the exhaustion of the Sick Leave or three (3) months of disability, whichever is later, and shall continue for the duration of five (5) years from the date the employee became disabled or is no longer disabled or if over age sixty (60) according to the Duration of Benefits schedule, whichever is less. The Extended Income Protection benefits due to psychological related disabilities and/or alcohol/drug abuse are limited to a maximum of three (3) years from the date of disability, unless the employee is institutionalized at the end of the three (3) year period. In this event, benefits would continue to three (3) months following release from the institution.
- 1169 Income Protection and Extended Income Protection benefits are payable at a level of fifty percent (50%) of base hourly rate times scheduled hours per month, sixty percent (60%) with integration with other statutory plans or seventy percent (70%) with an approved rehabilitation employment program (prorated for employees less than full-time). The minimum integrated benefit (prorated for employees less than full-time) provided by the program during the first (1st) year of disability will not be less than one thousand dollars (\$1,000.00) per month.
- 1170 Income Protection and Extended Income Protection coverage terminates at the end of employment or upon transfer to an ineligible status.
- 1171 The intent of the above Income Protection and Extended Income Protection language is to provide a summary of benefits available. Income Protection and Extended Income Protection benefits are governed by the Employer's contract with the insurance company.
- 1172 Integration of vacation and sick leave with State Disability Insurance or Workers' Compensation or Family Medical Temporary Disability.
- 1173 Employees who are eligible for basic State Disability Insurance (SDI) benefits or Workers' Compensation (WC) benefits or Family Medical Temporary Disability (FMTD) shall have their sick leave integrated with paid SDI or WC or FMTD benefits, so that combined SDI/WC/FMTD pay and sick leave pay totals normal straight time salary. The reduced amount of sick leave payment shall then be charged against the employee's sick leave. All contractual provisions as specified in Article XII, Leaves of Absence, will apply. In the payment to an employee on sick leave, disability, or Workers' Compensation, the Employer will deduct taxes in accordance with Federal and State laws.
- 1174 It is the employee's responsibility to promptly file claims for any eligible compensation benefits, and to report the amount of such benefits to the Employer's Personnel Office.
- 1175 Doctor's Certificate
- 1176 A doctor's certificate or other authoritative verification of illness may be required only where the Employer has evidence of excessive illness or where the employee otherwise gives reasonable cause to suspicion the absence by a pattern of absences.

- 1177 Life Balance Days
- 1178 This section is supplemented by the National Agreement, as long as the current National Agreement is in effect. See Section 1.C. (3) Time Off Benefit Enhancement.
- 1179 Full-time Employees shall accrue Life Balance Days of three and one third (3.33) hours per month to a maximum of forty (40) hours per year, at any given time. Part-time Employees will accrue Life Balance Days on a prorated basis based on hours paid (up to a maximum of eighty (80) hours per pay period) in the previous two (2) pay periods.
- 1180 Life Balance Days may be used for any reason the employee chooses without restriction and may be used for less than a full day. In the event an employee elects to utilize Life Balance Days in conjunction with vacation, those Life Balance Days may be granted only after the vacation selection process outlined in this Agreement. The Life Balance Days will, insofar as possible, be granted on the day(s) most desired by the employee. Requests for Life Balance Day(s) will be made seventy-two (72) hours in advance and subject to Departmental Approval. The Employer, at its option, may also approve requests made less than seventy-two (72) hours in advance. Employees will have preference as to their choice based upon department seniority. Life Balance Days requests will be considered for anytime of the calendar year and shall be granted in an emergency situation. In the event that a request(s) for a Life Balance Day(s) is continuously denied and not rescheduled by the Employee, the parties will meet, upon the Union's request, to determine the appropriate resolution. Life Balance Days may be donated to another benefited employee. Life Balance Days that are accrued, and not used, are paid out upon termination, retirement or transfer to an ineligible status.
- 1181 Once granted, a more senior employee shall not be able to displace the granted individual.
- 1200 ARTICLE XII – LEAVES OF ABSENCE
- 1201 Eligibility
- 1202 Leaves of absence without pay may be granted to full-time and part-time employees at the discretion of the Employer. All requests for leaves of absence by employees shall be requested in writing on the form provided by the Employer. In order to be eligible for a leave of absence, an employee must have at least six (6) calendar months of continuous service. However, in the case of disabilities related to pregnancy, the six (6) month eligibility requirement is waived for the purpose of the Medical Leave of Absence.
- 1203 Personal Leave of Absence
- 1204 Personal Leaves of Absence without pay, may be granted for justifiable reasons, subject to the eligibility requirements and with adequate notice, for a period of up to sixty (60) days. Under extenuating circumstances, consideration may be given for

extending such leaves at the discretion of the Employer. Such extension will be considered on an individual basis to a maximum of thirty (30) additional days.

1205 Medical Leave of Absence

1206 Upon the exhaustion of accrued Sick Leave, Medical Leaves of Absence, without pay, for nonoccupational related disabilities, including conditions related to pregnancy, shall be granted subject to the eligibility requirements for the period of disability, provided the employee furnishes a physician's certification setting forth the necessity for such a leave and the anticipated duration of the disability. Physician recertification will be required at the expiration of each previous certification for continued eligibility.

1207 Employees with less than three (3) years of continuous service shall be eligible for a Medical Leave of Absence for a specific period of time not to exceed one hundred eighty (180) calendar days. Employees with three (3) or more years of service shall be eligible for a specific period of time not to exceed three hundred sixty-five (365) calendar days.

1208 Under extenuating circumstances, an employee may request and the Employer may grant an extension to the maximum period of Medical Leave of Absence. However, the granting of such an extension is at the sole discretion of the Employer.

1209 Occupational Injury or Illness Leave of Absence

1210 Commencing on the first (1st) day of employment, for those absences covered by Workers' Compensation, employees will be eligible for an Occupational Injury or Illness Leave of Absence for up to a maximum period of two (2) years. The two (2) year calculation period shall commence on the date the employee exhausts Extended Sick Leave benefits. Such leaves shall be continuous, provided the employee furnishes a physician's certification, until the employee is released by the attending physician.

1211 The Employer will place employees released to return to work from an occupational injury or illness leave of absence without medical restrictions, to their former position at their regular rate of pay as soon as reasonable, not to exceed seven (7) days.

1212 The Employer will place employees released to return to work from an occupational injury or illness leave of absence on a temporarily restricted basis, in their former job, provided the employee can perform the essential functions of the position in light of the medical restrictions, or if said restrictions relate to a disability protected by the Americans with Disabilities Act, in an appropriate alternate position, or on a preferential basis at their regular rate of pay.

1213 The Employer will place employees released to return to work from an occupational injury or illness leave of absence on a permanently restricted basis, in their former job, provided the employee is capable of performing the essential functions of the position in light of the medical restrictions and limitations. If the employee is unable to perform the essential functions of the position, that employee may bid on any position in which he/she can perform the essential functions in light of their medical restrictions and limitations. Where there is no appropriate position, the Employer will provide all reasonable accommodations and necessary vocational/rehabilitation training program

benefits as approved by the Division of Industrial Accidents/Workers' Compensation Appeals Board pursuant to the administration of the California Labor Code.

- 1214 An Occupational Injury or Illness Leave of Absence shall be extended throughout any period of temporary disability or permanent disability for a period not to exceed thirty (30) days after the employee has been awarded a permanent disability by the Workers' Compensation Appeals Board.
- 1215 Upon release by the attending physician for occupational injury or illness the Employer may request that the employee provide a return-to-work authorization containing the name of physician, signature, and clarification of disability, and date released to return to work, within sufficient time to enable the Employer to conduct an analysis of the essential functions and reasonable accommodations, if any.
- 1216 Personal Time Off
- 1217 Commencing on the first day of employment, where circumstances warrant, an employee may request and receive Personal Time Off without pay for short periods of time not to exceed five (5) workdays. Such requests shall not be unreasonably denied. In a verifiable emergency, on duty employees may ask for Personal Time Off which shall be granted on a momentary notice; and, such employees will be released from duty as soon as possible. It shall not be a condition of the granting of Personal Time Off that the employee secure his own replacement. Employees may not be denied Personal Time Off because they have accumulated Sick Leave.
- 1218 An employee with twelve (12) months' continuous service may request one (1) week's leave of absence for any reason other than sickness or death in the immediate family, to be scheduled in conjunction with the employee's vacation. Only one (1) such leave will be granted in any one (1) calendar year. The scheduling of said leave shall not interfere with the vacation selections of other employees.
- 1219 Family Leave of Absence

- 1415 Where two (2) or more employees are part of a common grievance, the matter shall be heard as a single grievance.
- 1416 If the Employer does not respond within specified time limit(s), the Union may proceed to the next step. Any matter not appealed, within specified time limit(s) or during an extension thereof is considered settled.
- 1417 No settlement, or decision of any Arbitrator, shall create a basis for retroactive adjustment in any other case.
- 1418 A grievance must be presented within thirty (30) days after the employee had knowledge of the event or should have had knowledge of the event causing the grievance.
- 1419 In cases where grievances alleging wage discrepancies or monetary benefits occur, such grievances must be brought to the attention of the Personnel Office not later than one (1) year from the date from which the incorrect computation was paid.

2126 An employee who is regularly scheduled to work thirty-two (32) hours or more per week, is provided a six thousand dollars (\$6,000) group life insurance policy, a six thousand dollars (\$6,000) accidental death and dismemberment policy and six

thousand dollars (\$6,000) Total and Permanently Disabled Benefit paid for by the Employer. This coverage is effective on the sixty-first (61st) day of employment.

2127 All employees may choose to purchase their choice of the following Optional Life Insurance Programs at the employee's cost:

2128	<u>Basic Life</u>	<u>Accidental Death and Dismemberment</u>
Program 1	\$10,000	\$10,000
Program 2	\$20,000	\$10,000
Program 3	\$30,000	\$10,000
Program 4	\$40,000	\$10,000

2129 The employee must elect to purchase the Optional Life Insurance at the time of hire. Coverage will be effective on the sixty-first (61st) day of continuous employment.

2130 The employee must be actively at work on the date both the free and optional coverages become effective. If the employee is not actively at work on the sixty-first (61st) day, coverage is deferred until he returns to active employment.

2131 If an employee becomes totally and permanently disabled, up to six thousand dollars (\$6,000) of the basic life coverage will be paid out in monthly installments commencing six (6) months from the date the employee last worked due to disability. If an employee has elected an Optional Life Insurance Program up to ten thousand dollars (\$10,000) in basic life coverage will be paid out in monthly installments under a total and permanent disability provision. If the employee had elected Program 2, 3 or 4, the remainder of his basic life coverage, not subject to the total and permanent disability provision, would remain in force in accordance with the Duration of Benefits schedule or until the employee returns to work or is no longer disabled.

2132 Except for coverages continued under total and permanent disability provisions, all coverages which apply to active employees cease upon retirement or other termination of employment, subject to the provisions of conversion to individual policies.

2133 Part-time Employees Life Insurance

2134 Part-time employees will be provided with Employer-paid life insurance of one thousand dollars (\$1,000) and accidental death and dismemberment coverage of one thousand dollars (\$1,000). This coverage is effective on the sixty-first (61st) day of employment.

2135 Retiree Life Insurance

2136 For employees regularly scheduled thirty-two (32) hours or more per week, Employer-paid life insurance coverage of three thousand dollars (\$3,000) and accidental death and dismemberment of three thousand dollars (\$3,000) will be provided to the employee with fifteen (15) years or more of service with the Kaiser Permanente Medical Care Program who elects an Early, Postponed or Normal retirement under the provisions of the Pension Plan. The preceding fifteen (15) year service requirement shall apply to employees hired on or after July 1, 1988. For part-time employees

regularly scheduled less than thirty-two (32) hours, Employer-paid life insurance coverage of one thousand dollars (\$1,000) will be provided pursuant to the preceding provisions.

2137 Dental Plan

2138 An employee who is regularly scheduled to work twenty (20) or more hours per week and their eligible dependents will be provided with an Employer-paid dental plan.

2139 Eligible dependents will include spouse or eligible domestic partner, unmarried dependent children up to age twenty-five (25). Physically or mentally handicapped children are also covered regardless of age, provided such handicap prior to the dependent child turning twenty five (25). Annual certification of such handicap or retardation and dependency may be required by the Kaiser Foundation Health Plan. Coverage is effective on the first day of the calendar month following six (6) months of continuous employment at a regular work schedule of twenty (20) or more scheduled hours per week.

2140 Delta Dental coverage provides payment of seventy percent (70%) of the usual, customary and reasonable (UCR) charges for basic services, and effective July 1, 1997, expenses for major services are reimbursed at fifty percent (50%) of usual, customary and reasonable.

2141 The Delta Dental plan includes a diagnostic and preventative benefits which pays one hundred percent (100%) of the reasonable and customary dentist's fee for the following procedures:

1. Prophylaxis (twice each year)
2. Prophylaxis with fluoride treatment
3. Examinations
4. Full mouth x-rays (once every three (3) years)
5. Bite-wing x-ray (twice each year)
6. Space maintainers (for patients under eighteen (18) in the event of a lost tooth)

2142 An orthodontia benefit is included in the Delta Dental Plan and is available for children under age 19. The benefit provides for a payment of fifty percent (50%) of covered services to a maximum payment of one thousand dollars (\$1,000) per child per lifetime. This maximum is in addition to the maximum allowed for other services.

2143 Services must be provided by a participating Delta Dental dentist or orthodontist to receive full benefits. The maximum benefit per calendar year is one thousand dollars (\$1,000) per covered individual.

2144 The Employer offers an optional prepaid dental plan to all eligible employees. Employees hired on or after April 1, 1997, and who are eligible for dental coverage, must select a prepaid dental plan during their first (1st) three (3) years of continuous employment. In subsequent open enrollment periods, they may select Delta Dental.

- 2145 Pension Plan
- 2146 Each employee regularly scheduled to work at the rate of forty (40) or more hours per month is automatically covered under the provisions of the Pension Plan at date of hire.
- 2147 Normal monthly retirement income shall be one and four-tenths percent (1.4%) of final average pay multiplied by years of credited service. Final average pay is the average monthly compensation for the highest sixty (60) consecutive months of employment in the last one hundred twenty (120) months of employment. Effective March 1, 2003, normal retirement income shall be computed at 1.45% of final average monthly compensation multiplied by all years of Credited Service.
- 2148 Each calendar year in which an employee has one thousand (1,000) or more compensated hours is a full year of service. For those years in which an employee has fewer than one thousand (1,000) compensated hours, each month in which he has forty (40) or more compensated hours is one-twelfth (1/12) of a year of service. Service is used to determine if an employee is eligible for Early, Disability, Normal, Postponed or Deferred Vested retirement.
- 2149 For years on or after January 1, 2003, a year of Credited Service is based on eighteen (1,800) hours. Credited Service is prorated for those years in which an employee has fewer than two thousand (2,000) or eighteen hundred (1800) compensated hours as applicable. Credited Service is used to determine the amount of monthly benefits.
- 2150 Normal retirement is age sixty-five (65). Early retirement eligibility is established if an employee is at least fifty-five (55) years old and has at least fifteen (15) years of service. If an employee works beyond age sixty-five (65), he will be eligible for a Postponed retirement and the retirement benefit will be based upon compensation, service and credited service earned up to the sixty-fifth (65th) birthday and the retirement formula then in effect. Employees who retire beyond age sixty-five (65) will have their earned pension benefits computed based upon their benefit level in effect at age of retirement and credited service attained at retirement.
- 2151 Monthly retirement benefits commencing prior to age sixty-five (65) are actuarially reduced to reflect a longer payment period. Monthly retirement benefits commencing after age sixty-five (65) are actuarially increased to reflect shorter payment periods.
- 2152 Vesting in the Pension Plan is attained after ten (10) years of service. If an employee terminates after attaining vesting status, but before eligibility for Early retirement, he is eligible for a Deferred Vested pension, payable at age sixty-five (65). Effective January 1, 1989, Vested pension status in the pension plan is attained after five (5) years of service.
- 2153 If an employee becomes disabled after becoming vested and is eligible for disability benefits under Title II of the Social Security Act, he is eligible for a Disability retirement.
- 2154 Preretirement Survivor Annuity
- 2155 The Employer will provide a qualified Preretirement Survivor Annuity (PRSA) to active employees vested in the pension plan at no cost to the employee. This PRSA will

provide a benefit to the spouse of an employee who dies prior to retirement. The spouse will receive a benefit calculated as if the employee retired the day before death and elected a joint and survivor annuity with a fifty percent (50%) continuation to the survivor. The benefit is payable to the spouse at the earliest time the employee would have qualified to commence benefits. Effective January 1, 2002, this benefit will be payable to the domestic partner immediately, and must commence no later than December 31st of the year that follows the calendar year in which the employee died.

2156 Limitations

2157 Coverages, limitations and exclusions of the aforementioned health plan, dental, income/extended income protection, life insurance plans and Pension Plans are established by the Employer's agreement with the applicable insurance plans, health and dental plans, and the Pension Plan.

2158 Tax Deferred Retirement Savings Plan (401K Plan)

2159 Effective January 1, 1989, the Employer will establish a voluntary Tax Deferred Retirement Savings Plan.

2160 The plan will be established by Kaiser Foundation Health Plan, Inc. and the future of the plan and its provisions will be determined by Kaiser Foundation Health Plan, Inc.

2161 Survivor Assistance Benefit

2162 Effective April 1, 1995, full-time and part-time employees will be provided with a survivor assistance benefit equal to one (1) month's base wages. This benefit is payable to a designated beneficiary during the period immediately following the death of the employee.

2200 ARTICLE XXII – EXPIRATION AND RENEWAL

2201 This Agreement shall be effective on October 1, 2018, and shall continue in effect to and including February 1, 2022. It shall continue in effect from year to year thereafter unless changed or terminated as provided herein.

2202 Either party wishing to change or terminate this Agreement must serve written notice of desire to amend to the other party at least ninety (90) days prior to the expiration date.

2203 Applicable Federal Law which establishes special notice periods for Health Care Institutions shall prevail over this Agreement.

Placement on Wage Structure

In the event an employee is promoted to a higher rated classification, transferred or demoted to a lower rated classification, the appropriate rate of the same tenured step to the classification to which the employee is promoted, transferred or demoted will be used. An exception to the foregoing is that when a Medical Laboratory Technician (MLT) transitions to a Clinical Laboratory Scientist (CLS), such employee shall transition to a rate on the CLS structure that is closest in value to the rate they had as an MLT, and results in an increase.

Classification Differential

Employees assigned to work in a higher classification for two (2) or more hours during a regularly scheduled day of work shall receive the higher hourly rate of pay for the time worked in the higher classification and will be paid at the same tenure step rate held in his/her classification.

Should the Employer determine the need exists for a Lead to cover certain hours on an ongoing basis, but not full-time, the Employer may assign employees in the Lead capacity as necessary. In the event this situation exists, the Employer shall notify the Union and shall meet and confer if requested.

With the exception of the Draft San Diego Clinical Laboratory Scientists Accretion Agreement of June 14, 2001, the parties agree not to recognize any side letters of agreement which reference leads providing functional direction to three or more medical technologists.

APPENDIX G
MEDIATION AND FINAL OFFER INTEREST ARBITRATION AGREEMENT
KPMCP AND UFCWIU

PURPOSE

The purpose of the foregoing Mediation and Final Offer Interest Arbitration Agreement is to ensure that there will be no interruption of service to health plan members caused by an inability of the Employer and Union to reach agreement on a replacement Agreement upon expiration of the prior Agreement. The Employer pledges and agrees that there will be no lockout on the part of the Employer following expiration of the Agreement, and the Union pledges and agrees that there will be no strikes, slowdowns, sickouts, picketing, or other concerted activities on the part of the Union following expiration of the Agreement, and both parties pledge and agree that all disputes will be settled by the procedures which follow.

DISPUTE RESOLUTION MECHANISM

Any unresolved proposals which may arise between the Employer and the Union concerning any subject matter listed in Exhibit A which the negotiators for the parties are unable to settle by the expiration date of the Agreement, shall be submitted to an arbitrator for decision pursuant to the provisions of the Final Offer Interest Arbitration Agreement.

Should tentative agreement be reached, but not ratified by the rank and file membership, the parties agree to reconvene within the time frames set forth in this Appendix to attempt to reach further tentative agreement. The arbitrator will be present at all such negotiating sessions between the parties. If no tentative agreement is reached, the parties will submit to the arbitrator, pursuant to the provisions of the Final Offer Arbitration Agreement, their last stated positions, as discussed on any subject matter listed in Appendix A, that they were unable to settle.

SELECTION OF ARBITRATOR

The arbitrator shall be selected by mutual agreement of the parties no later than six (6) months prior to the expiration of the Agreement. Should the parties fail to reach agreement on an acceptable arbitrator, the American Arbitration Association will be requested to provide a panel of eleven (11) arbitrators experienced in interest arbitration. Selection of the arbitrator will then be made by alternately striking names until one (1) arbitrator remains.

MEDIATION PROCEDURE

The arbitrator shall function as a mediator prior to the expiration of the Agreement. The arbitrator may attend any negotiations session by mutual agreement, but will be present during all negotiation sessions scheduled during the seven (7) calendar day period immediately preceding the expiration date. In addition, the arbitrator may attend any side bar meetings by mutual agreement, or any caucus meetings by invitation of either party.

UNRESOLVED ISSUES

At the conclusion of negotiations immediately following the expiration date, the parties will jointly stipulate to a list of unresolved issues and present to the other party each party's final offer on said issue. The parties will prepare a joint submission of unresolved issues to be presented to the arbitrator for decision.

DECISION AND EXPENSES OF THE ARBITRATOR

The arbitration hearing shall be conducted within three (3) workdays following the contract expiration date. Arguments shall be made orally, and the arbitrator shall render a decision within fifteen (15) workdays after the record is closed. The decision and award of the arbitrator shall be final and binding upon both parties. The expenses and fees of the arbitrator shall be shared equally by the parties.

FINAL OFFER ARBITRATION PROCEDURE

Any issue from Exhibit A submitted to the arbitrator following expiration of the Agreement shall be presented by each party as a final offer. The arbitrator shall only have authority to select either the Employer's final offer or the Union's final offer to resolve an issue, applying the agreed upon arbitration standards. The parties expressly agree that the arbitrator shall not have the authority to compromise or search for middle ground in deciding an issue. The arbitrator shall decide issues on an individual basis, considering each party's final offer on that issue.

AUTHORITY OF ARBITRATOR

The arbitrator shall only have authority to decide issues listed in Exhibit A. Any issue raised by either party not listed on Exhibit A is an improper issue and the arbitrator shall issue no decision on said issue, except to state that the issue is improper.

ARBITRATION STANDARDS

Wage Issues

The arbitrator shall use as a standard in deciding any wage issues the prevailing wage rates and pay practices for the same or similar classifications within:

1. The Employer's organization in Southern California.
2. Other employers in the Southern California community.

Benefit Issues

The arbitrator shall use as a standard in deciding any benefit issue the benefit levels and benefit plans provided to other represented groups of technical employees within the Employer's organization in Southern California.

Paid Time Off and Premium/Differential Issues

The arbitrator shall use as a standard in deciding any paid time off or premium/differential issues the amount of paid time off or the level of premiums or differentials provided to other represented employees within the Employer's organization in Southern California.

ISSUES NOT LISTED ON EXHIBIT A

The arbitrator shall have no authority to decide an issue not listed on Exhibit A. The parties agree that any proposal by either side on a non-Exhibit A issue will be bargained in good faith during the negotiation process. Should the parties agree to a modification, such will be included in the replacement Agreement. Should the parties be unable to agree to a change, or on new language, the provisions contained in the prior Agreement shall be carried forward without change.

SUNSET CLAUSE

The parties agree that any future final offer arbitration settlement shall automatically trigger a review of the Mediation and Final Offer Interest Arbitration Agreement. Said review shall occur one (1) year prior to the next contract expiration date following the arbitrator's decision.

During the review meetings the parties shall meet and confer as necessary to consider proposals by either party to either amend or discontinue the Mediation and Final Offer Interest Arbitration Agreement. Should the parties mutually agree to modify the procedure, said changes shall be effective immediately and applicable to future collective bargaining associated with the expiration of the Agreement. The parties may mutually agree to discontinue the entire procedure, but in the absence of mutuality the procedure shall continue in effect until the next Sunset review, during which time these same understandings shall again be applied.

APPENDIX H
FLEXIBLE SCHEDULES TEN (10) HOUR SHIFTS

The Employer and Union agree to the following flexible ten (10) hour shift agreement:

1. Ten (10) hour days shall be incorporated into the schedule. It is understood that the Employer may discontinue such scheduling at any time.

2. Designated Holidays

Work on designated holidays may be scheduled as eight (8) hour shifts. A maximum of eight (8) hours Holiday Not Worked (HNW) shall be paid for nonworked designated holidays. During a designated holiday workweek, five times eight (5 x 8) hour/day schedules may be resumed to provide staffing and attempt to assure forty (40) hours worth of pay for the scheduled employee, unless modifications to the existing schedule provide the same result, while incorporating eight (8) and ten (10) hour days.

3. Vacation

Vacation is expected to be scheduled and taken. During periods of vacation, the five (5) day, eight (8) hours/day workweek may be resumed to provide adequate staffing. Vacation relief may be provided with a part-time employee or the employee working the Vacation relief schedule.

4. Overtime

The following deviations to overtime definition and pay shall apply to schedules which incorporate eight (8) and ten (10) hour workdays.

The overtime rate of one and one-half (1 1/2) times the employee's straight time rate shall be paid for:

All hours worked in excess of eight (8) hours for an eight (8) hour shift or ten (10) hours for a ten (10) hour shift; continuous hours worked in excess of eight (8) hours for an eight (8) hour shift or ten (10) hours for a ten (10) hour shift in any two (2) consecutive workdays.

Example:

Eight (8) hour shift: 1 1/2 x all hours > 8 and <= 12
Ten (10) hour shift: 1 1/2 x all hours > 10 and <= 14

All hours worked in excess of forty (40) in a normal workweek.

The overtime rate of two (2) times the employee's straight time rate of pay shall be paid for:

All hours worked in excess of twelve (12) hours during a workday scheduled as an eight (8) hour shift, or in excess of fourteen (14) hours on a workday scheduled as a ten (10) hour shift.

Example:

Eight (8) hour shift: 2x all hours > 12

Ten (10) hour shift: 2x all hours > 14

5. Sick Leave

Sick Leave pay shall be defined as payment of the straight time hours the employee would have worked had the disability not occurred, calculated at the employee's straight time hourly rate.

6. Bereavement Leave

Paid eight (8) hours daily. The entitlement for bereavement leave will be in accordance with the provisions of the Collective Bargaining Agreement.

7. Educational Leave

Educational leave pay shall be defined as payment of the straight time hours the employee would have worked had the leave not occurred, calculated at the employee's straight time hourly rate, not to exceed a maximum of forty (40) hours per year. Educational leave may be used on other than scheduled days of work. Pay for such leave will be at straight time and will be based on contact hours (one (1) hour of educational leave pay for one (1) contact hour).

8. Replacement Hours

Employees who are replacing other employees who are working under this Appendix will also be bound to the terms and conditions of this Appendix and will receive overtime and other types of payment in accordance with this Appendix.

9. Miscellaneous

Ten (10) hour shifts may be regularly scheduled for the involved part-time employees under the same provisions of this Appendix.

10. Implementation

Implementation of ten (10) hour shift scheduling is contingent upon one hundred (100%) percent concurrence of all employees involved. Ten (10) hour shifts, once implemented, are subject to the ongoing approval of the employees involved and the Union. Such schedules may be discontinued by the Employer, the Union, or by a two-thirds (2/3rds) vote of the involved employees, with a minimum of two (2) weeks' notice.

11. UNLESS OTHERWISE STATED IN THIS APPENDIX, ALL OTHER PROVISIONS OF THE COLLECTIVE BARGAINING AGREEMENT WILL APPLY.

12. Alternate work schedules, other than the ten (10)-hour shift outlined above, will be addressed at the request of either party.

APPENDIX I – UNION STEWARDS

Union Stewards

The parties have agreed we share a joint commitment to support union stewards and recognize and enhance their vital role in the workplace.

The parties agree to jointly promote greater utilization of stewards and develop a process to release stewards for authorized activities. Stewards may be notified to participate in discipline/corrective action meetings and shall be made whole for attendance at such meetings. Stewards will obtain permission from their immediate supervisor for absences from their normal work place to conduct Union business.

The Employer will make every effort to allow access to secure mail, use of facsimile, telephone, copier, computer and email for joint Employer/Union business communication. Use of Employer equipment will not occur on company time unless so authorized by the Employer.

APPENDIX J – UNION STEWARD TRAINING

Union Steward Training

The parties agree that the total number of hours of paid steward's training time provided for in the National Agreement may be allocated throughout the year in increments of between two (2) and eight (8) hours, and may be on site or offsite as requested by the Union. In no event will the total annual amount of paid time stewards' training exceed the amount set forth in the National Agreement. This amount is currently forty-eight (48) hours annually, but will increase or decrease if the amount set forth in the National Agreement changes.

The parties further agree that the purpose of training shall be consistent with the National Agreement. Stewards shall notify their immediate supervisor of such training no less than thirty (30) days in advance.

APPENDIX K

The Southern California Permanente Medical Group, Inc., and UFCW 135, 324, 770, and 1428 agree to meet on a periodic basis at the request of the other party to discuss mutual problems and issues impacting Clinical Laboratory Scientists and Medical Laboratory Technicians employed by the Permanente Medical Group, Inc. Such meetings, including time and places shall be mutually agreed to.

These discussions may also include reviewing the classifications identified by either party requiring wage adjustments in addition to the negotiated wage increase for that specific year. Any changes or recommendations made under this Appendix shall be by mutual agreement only.

APPENDIX L - CORRECTIVE ACTION

The following mutually agreed upon policy is included as an Addendum to the Collective Bargaining Agreement – not as a part of the Agreement – for informational purposes and is subject to change during the life of the contract.

PHILOSOPHY:

It is the philosophy of Kaiser Permanente and the Partnership Unions to recognize the value of all employees and the significant investment each employee represents. Thus, it is the collective intent of the Organization and Partnership Unions to retain each employee whenever possible. The Corrective Action Process is intended to be an open method that utilizes a collaborative problem solving approach to address issues, emphasizing a non-punitive alternative to correct performance and/or behavioral problems.

PURPOSE:

Through a collaborative process, develop and initiate positive ways to build employees' commitment to the Organization's primary mission (service to our patients) by fostering individual responsibility and accountability for performance and behavior.

LEVELS:

Employees will be notified of their right to representation at all levels of the Corrective Action Process. Employees, who dispute any action under this process, shall have the right to file a grievance at any time during the process, within the timelines specified by the applicable collective bargaining agreement.

a.) Level 1 – Initial Discussion

At this level, the supervisor/department manager will meet privately with the employee and representative of the union (unless such representation is refused by the employee) to clarify the existence and nature of the performance and/or behavioral issue(s). The supervisor's/department manager's primary role at Level 1 is to gain the employee's understanding and agreement to solve the problem.

The focus of the initial discussion is to advise the employee that he/she has a personal responsibility to meet reasonable standards of performance and behavior. The supervisor/department manager and employee should use this opportunity to problem solve the issue(s), clarify expectations, explore and agree on expected behavioral/performance changes, and determine measures of achievement and timelines for improvement. The Corrective Action Process should be reviewed with the employee to make sure they understand it.

The supervisor/department manager will prepare a written summary of the meeting to include date, participants, issue(s) discussed and agreements reached. A copy of the written summary will be given to the employee and union representative (if involved). The documentation is for information purposes only. A copy of the written summary will be placed in the employee's departmental file for one (1) year, or for a shorter period if agreed to by both parties. A copy of the written summary will not be placed in the personnel file, and it can not be used for purposes of formal discipline procedure (Levels 3, 4, and 5).

At the conclusion of the agreed upon timelines, the supervisor/department manager will meet again with the employee and representative of the union (unless such representation is refused by the employee) for the purpose of assessing progress or moving the issue forward to the next level if satisfactory progress has not been made.

The supervisor/department manager and labor representative may wish to consult with Human Resources and Union Leadership during the process.

b.) Level 2 – Development Action Plan

This level of the Corrective Action Process should be utilized if the employee's performance and/or behavioral problems continue.

The supervisor/department manager will meet privately with the employee and a representative of the union (unless such representation is refused by the employee) to revisit the issue(s)/problem(s) and reinforce the need for the employee to meet reasonable standards of performance and behavior. The discussion will include, but is not limited to, the following: 1) A review of the progress made by the employee, 2) The joint development of a Developmental Action Plan.

The supervisor/department manager and the employee will collaboratively develop this Plan, defining the specific issues related to performance and/or behavior, establish expectations, verify the employee's commitment to the Plan, and establish a time frame for the achievement of performance and/or behavioral expectations. If a representative from the union is present, such representative will be an active participant and assist the parties in reaching agreement. Based upon agreements reached through consensus, the supervisor/department manager and/or employee will prepare a written memorandum summarizing the agreed upon Developmental Action Plan. The supervisor/department manager and employee will be asked to sign the memorandum as an expression of commitment to the Plan; and, the union representative will be asked to sign the memorandum as a record of attendance at the meeting. If the employee refuses to participate in of the Developmental Action Plan, disagrees with final version of the Plan, or refuses to sign the Plan, the supervisor/department manager will progress to Level 3 of the Corrective Action Process.

A copy of the Developmental Action Plan will be given to the employee and the union representative (if involved). The Developmental Action Plan will placed in the employee's departmental file for one (1) year, or for a shorter period if agreed to by both parties. A copy of the Developmental Action Plan will not be placed in the employee's personnel file, and it can not be used for purposes of the formal discipline procedure (Levels 3, 4, and 5).

At the conclusion of the agreed upon timelines, the supervisor/department manager will meet with the employee and representative of the union (unless such representation is refused by the employee), for the purpose of assessing progress or moving the issue forward to the next level if satisfactory progress has not been made.

The supervisor/department manager and labor representative may wish to consult with Human Resources and Union Leadership during the process.

c.) Level 3 – Corrective Action Plan

This level of the Corrective Action Process should be utilized if the employee's performance and/or behavioral issues have continued or if the employee disagreed with the final version of or refused to sign the Developmental Action Plan (Level 2). At Level 3, the supervisor/department manager, employee, and a representative of the union (unless such representation is refused by the employee), will meet privately to revisit the Developmental Action Plan, timelines, and progress made.

The preferred outcome of this meeting is that the supervisor/department manager and the employee, through a collaborative process, will mutually agree upon a Corrective Action Plan. The supervisor/department manager, and/or employee will prepare this written Plan, which sets forth the agreements made or parameters established for correcting performance and/or behavioral issues, including measures of achievement and timelines for completion. The Corrective Action Plan will include acknowledgement that failure to meet the performance and/or behavioral expectations will result in further corrective action, and may lead to termination. The supervisor/department manager and employee will be asked to sign the Corrective Action Plan as an expression of commitment to the Plan; and, if present, the union representative will be asked to sign the Plan as a record of attendance at the meeting.

However, if the employee refuses to acknowledge the issue, refuses to sign the Corrective Action Plan or agreement can not be reached; the supervisor/department manager will unilaterally prepare and implement the Corrective Action Plan. The Corrective Action Plan will include notification to the employee that failure to *live* up to performance and/or behavioral expectations will result in further corrective action being taken, which may lead to termination.

A copy of the Corrective Action Plan will be given to the employee and the union representative (if present), or mailed to the union representative if he/she was not present. The Corrective Action Plan will be placed in the department file and the employee's personnel file for one (1) year, or for a shorter period if agreed to by both parties. At this point in the process, the union representative may request and obtain documentation of earlier levels, if desired.

At the agreed upon timelines, the supervisor/department manager *will* meet with the employee and a representative of the union (unless such representation is refused by the employee), for purposes of assessing progress or moving the issue forward to the next level if satisfactory progress has not been made.

In the event that inadequate progress has been made, the following will be considered in determining if Level 3 should be repeated or the issue should be advanced to Level 4-Day of Decision:

- Severity of the incident
- Frequency of the incident
- Date of the incident in comparison to the date of the Corrective Action Plan
- Previous overall performance
- Tenure of the employee
- Mitigating circumstances
- Commitment of the employee to the overall Corrective Action Plan

Consultation with Human Resources and Union Leadership is strongly encouraged at this level.

d.) Level 4 – Day of Decision

This level of the Corrective Action Process should be utilized when the employee has not shown adequate improvement in performance and/or behavior after completing Level 3.

At the conclusion of the follow-up meeting at Level 3, and after having determined that prior efforts have failed to produce the desired changes, a meeting will be scheduled including the supervisor/department manager, the employee and the union representation (unless such representation is refused by the employee). Higher levels of management and union leadership may attend this meeting if desired.

The purpose of this meeting is to review the continuing performance and/or behavioral issues and the lack of adequate improvement. When management decides to invoke a Day of Decision (Level 4), the severity of the situation will be explained to the employee, and a copy of the Draft Action Plan Form will be explained and provided by the supervisor/department manager. The employee will then be placed on a paid “Day of Decision”. The Day of Decision is paid to demonstrate the Organization’s commitment to retain the employee. The supervisor/department manager will stress the need for the employee to utilize the Day of Decision as a day of reflection and choice. The employee has the opportunity to commit to change their performance and/or behavior and return to the organization, or voluntarily sever the employment relationship.

Management will document the meeting in a memorandum that includes the date, location, attendees, and summary of the discussion.

Upon returning to the workplace, the supervisor/department manager, the employee, and the union representative (unless such representation is refused by the employee), will meet to review the employee’s decision. If the employee’s decision is to change their performance and/or behavior and continue employment, the employee will submit the completed Draft Action Plan Form upon returning from the Day of Decision. The supervisor/department manager, employee, and a representative of the union (unless such representation is refused by the employee), will review and incorporate the employee’s Draft Action Plan into a Last Chance Agreement. The employee will be required to sign the Last Chance Agreement and will be given a copy. The union representative will be asked to sign the Last Chance Agreement demonstrating their

attendance at the meeting and provided a copy, or mailed a copy if representation was refused.

If the employee does not comply (i.e. complete Draft Action Plan Form, commit to change behaviors and/or performance and sign the Last Chance Agreement) or refuses to voluntarily terminate, the employee will progress to Level 5 of the Corrective Action Process.

The Last Chance Agreement will be placed in the department file and the employee's personnel file for one (1) year, or for a shorter period if agreed to by both parties.

At the conclusion of the agreed upon timelines, the supervisor/department manager will meet with the employee and a representative of the union (unless such representation is refused by the employee), for purposes of assessing progress or moving the issue forward if satisfactory progress has not been made.

The supervisor/ department manager and labor representative must consult with Human Resources and Union Leadership at this Level.

e.) Level 5 – Termination

If performance and/or behavior issue(s) still persist despite the Initial Discussion, Developmental Action Plan, Corrective Action Plan, and Day of Decision, termination would be the next step in the Corrective Action Process. However, when an employee is on a Last Chance Agreement, and there is a recurrence of an incident after at least six (6) months of acceptable behavior, Human Resources and management will review the incident prior to the discharge of the employee. Based upon this review, management may elect to retain the employee. In certain circumstances, the organization may accept the employee's resignation in lieu of termination.

Appropriate documentation will be given to the employee, union and placed in the department file and employee's personnel file.

The supervisor/department manager and labor representative must consult with Human Resources and Union Leadership at this level to determine if termination is appropriate.

MAINTENANCE OF DOCUMENTS / PURGING OF DOCUMENTATION

Documents will be purged from the employee's departmental file and/or personnel file after one year unless there has been a reoccurrence of the same infraction. However, upon mutual agreement, corrective action documentation may be removed from the employee's personnel file prior to the one-year (1) expiration period.

In order to satisfy governmental record keeping requirements, in certain circumstances, purged documentation (Corrective Action Plans, Last Chance Agreements) will be maintained by the employer in a separate file that supervisors/department managers do not have access to.

INVESTIGATORY SUSPENSIONS

In situations where Management determines that removal of an employee is warranted due to the nature of an incident or allegation, such employee will be placed on a paid investigatory suspension. At the conclusion of the investigatory suspension, Management, in consultation with the Union, will determine at what level, up to and including Level 5, to place the employee in the Corrective Action Process.

ACTS OF GROSS MISCONDUCT

Acts of gross misconduct and/or negligence will subject the employee to an accelerated level in the Corrective Action Process (Last Chance Agreement or Termination).

APPENDIX M – ISSUE RESOLUTION

The following mutually agreed upon policy is included as an Addendum to the Collective bargaining Agreement – not as a part of the Agreement – for informational purposes and is subject to change during the life of the contract.

PHILOSOPHY:

Kaiser Permanente and the Coalition of Kaiser Permanente Unions are aligned together when we express the value of each member in the workforce. The effectiveness of our health care team and our organization are enhanced when we work together to resolve our common issues. We believe that effective problem solving starts with respectful, open-minded informal discussion between the parties who have a stake in the problem before they initiate formal Issue Resolution. If the informal discussion fails to produce a mutually agreed upon resolution to the issue, then the following formal Issue Resolution process will commence. We believe that formal Issue Resolution process sets the foundation for:

- The resolution of issues in a prompt and cooperative fashion.
- Focusing on what is right vs. who is right.
- Constructive/respectful fashion without fear of retaliation.
- The ownership of issues and problem when and where they occur, through the utilization of an interest based consensus driven process.
- Honoring all agreements.

PROCESS:

Any individual, team member or work team is empowered to bring issues or concerns related to the work place to the attention of another individual, team member or supervisor/manager. Stakeholders(s) bringing the issue or concern forward, have a responsibility to stay actively involved in the issue resolution process (employing the techniques of “Interest Based Problem Solving”).

PROCESS COMPONENTS:

Once the “issue resolution process” is determined to be the appropriate vehicle to achieve resolution then the following will occur:

- A clear definition of the issue.
- Identification of interests (individual and in common).
- Generation of possible solutions.
- Agreement regarding criteria.
- Selection of solution elements.
- Develop and implement a comprehensive solution
- Establishment of a monitoring process.

COMPONENT DEFINITION:

Define the issue. Ensure that the stakeholder(s) involved agree on the issue to be solved.

Identify the interests involved. (Interests refer to the needs or concerns of the stakeholder(s) regarding the issue)

Generation of possible solutions. Use this process as a brainstorming vehicle to generate as many solutions/ options that might resolve the issue. It is expected that the parties involved will be creative in looking for solutions, and are not bound by past practice. If needed, the parties should request additional resources, including neutral facilitation (e.g. trained facilitators with Kaiser Permanente), in support of solving the issue. The exploration of solutions requires the participation of all stakeholder(s) involved.

Agree on Criteria. Determine criteria to be used as a yardstick by which solutions are measured, compared, judged and limitations are defined.

Determine solution elements. By consensus of the stakeholder(s) involved, determine the solutions that meet the agreed upon criteria.

Develop and implement a final resolution. The final resolution is developed and written by incorporating the agreed upon solutions and monitoring process. All solutions or agreements reached through issue resolution must be made by consensus and are non-precedent setting, unless setting a precedent is mutually agreed upon.

Unions and management will support the implementation of agreed upon solutions/agreements.

Monitoring / Intervention Process. In order to maximize the efficiency of the issue resolution process, the local Service Area Labor Management Partnership councils are accountable for monitoring the effectiveness of the decisions resulting from this process. The local Service Area LMP Council monthly will review the process, and they will send a yearly report to the Regional LMP Council for their review.

It is the Regional LMP Councils responsibility to review the overall effectiveness of the Process and to make changes as appropriate.

If the solution is in conflict with the collective bargaining agreement(s) or policy then the appropriate union/management representatives must approve the solution. If there is failure to gain approval at the appropriate local level, the issue is to be referred to the SCAL Regional LMP Council for approval.

NOTE: All resolutions resulting with this process must comply with state or federal employment and labor relations laws, and are not in conflict with organizational philosophy.

APPEALS PROCESS:

If after going through the issue resolution process described above, a mutually agreed upon solution has not been reached, the Stakeholder(s) will be responsible for bringing the issue to the Service Area LMP council or designees for review and resolution no later than its next regularly scheduled meeting. Issues resolved by the Service Area LMP council will be communicated back to the Stakeholder(s). Such communication will be in writing and will include the date and location of the meeting, attendees, statement of the issue, and a summary of the resolution including the rationale for the decision. If the consensus is not reached by the Service Area LMP council, the issue will be referred to the SCAL Regional LMP council for review and resolution. The SCAL Regional LMP council will determine if stakeholder(s) need be present, during such review, to provide clarification and any support data necessary to reach a decision. If consensus is reached, a written communication will be forwarded to the originating LMP council and will include the date and location of the meeting, attendees, statement of the issue, and a summary of the resolution including the rationale for the decision.

At any time a union stakeholder may choose to discontinue their participation in the issue resolution process and enter the grievance process. The parties by mutual agreement will determine the appropriate step to enter the established grievance procedure and time limits for grievance purposes will commence upon exiting the issue resolution process. It is strongly recommended that grievance mediation be used prior to arbitration. At no time during this process may a management stakeholder opt out of the process.

COMPARISON WITH OTHER PROCESSES:

Issue Resolution: Any issue that can not result in corrective action, at any stage of the process, is correctly placed in Issue Resolution. Issues may have multiple points of initiation (e.g. employee to employee, employee to supervisor, employee to department, supervisor to supervisor, department to department).

Corrective Action: Any issue that can result in corrective action, in whole or part, is correctly placed in Corrective Action. If there are elements of the subject issue that will not result in corrective action, those elements should be resolved through the Issue Resolution process (e.g. true employee tardiness and an on going/validated timekeeping malfunction).

Grievance Procedure: Any employee may opt out of the Issue Resolution or Corrective Action process and initiate a grievance. Timeliness of the grievance will be determined by contract language and the parties will jointly determine the appropriate step to initiate the issue.

Contract and Policy Issues: Contract or policy issues will not be processed through Issue Resolution. Instead, such issues will be directed to the appropriate union/management representatives for resolution.

INITIATION/OBLIGATION PROCESS FOR ISSUE RESOLUTION

(Who has the obligation to respond to the request for Issue Resolution?)

An issue should first be addressed between the parties, in an informal manner, prior to the initiation of the following formal/documented process:

Situation (Person with issue! perceived source of issue)	Who Initiates	Who Coordinates and Responds
Employee/Employee	Employee presents issue in writing to parties designated by the SA LMP council on an Issue Resolution form Or, if the SA LMP council becomes aware of an issue that impacts a department, the council should initiate a meeting in writing and complete a Issue Resolution form.	The Service Area LMP council coordinates a meeting to include all stakeholders
Employee/Supervisor	Employee/Union steward or Union Rep. presents in writing (Issue Resolution form) to the level of management immediately above the involved supervisor. If management becomes aware of an issue that impacts a department, management should initiate a meeting using the Issue Resolution form.	Management coordinates the meeting to include all stakeholders.

INITIATION/OBLIGATION PROCESS FOR ISSUE RESOLUTION (Continued)

Situation (Person with issue! perceived source of issue)	Who Initiates	Who Coordinated and Responds
Supervisor/Supervisor	<p>Employee presents the issue in writing (Issue Resolution form) to the level of management immediately above the involved supervisors</p> <p>If management becomes aware of an issue that impacts a department, management should initiate a meeting using the Issue Resolution form.</p>	Management coordinates the meeting to include all stakeholders.
